A message from our CEO

WeSeeHope is at a pivotal stage in its development.

We have a strong track record, a loyal supporter base, and a clear model that delivers measurable impact for vulnerable children across sub-Saharan Africa. We are now focused on scaling income in a disciplined and sustainable way to increase our reach.

This appointment is central to that ambition.

I am looking for a senior relationship focused fundraiser who is comfortable leading high value conversations, building long term partnerships, and taking clear accountability for income growth. You will work closely with me and our Trustees to unlock new networks, convert strong prospects, and build a robust major donor and corporate pipeline.

We are a £1m organisation with significant headroom to grow. This role offers the opportunity to shape our income strategy, strengthen our major donor approach, and materially increase the scale of our impact.

If you are motivated by building meaningful relationships and delivering measurable income growth, I encourage you to apply.
